

## NEWS HIGHLIGHTS

### Enrollment open for the Master's Degree Course VALORIZATION AND SUSTAINABLE DEVELOPMENT OF MOUNTAIN AREAS – MOUNTAINSIDE

Enrollment is now open for the international Master's degree course "Valorization and Sustainable Development of Mountain Areas" – MOUNTAINSIDE which presents a multidisciplinary study path in English and takes place entirely in Edolo (BS) in the heart of the Central Alps, at the UNIMONT Campus of the University of Milan.

### UNIMONT reports new Rural Toolkit to access funding for EU agriculture

The Rural toolkit is the comprehensive guide to EU funding and support opportunities for rural areas in the European Union. It aims to help local authorities, institutions and stakeholders, businesses and individuals to identify and take advantage of existing EU funds, programmes and other funding and support initiatives, and to foster development in rural territories.

## AGRITECH

Agritech – the National Centre for Agricultural Technologies is a national project financed with NRRP funds that involves 28 universities, 5 research centres, and 18 companies. The UNIMONT centre of the University of Milan will operate within Spoke 7, focusing on mountain areas with the aim of promoting a multifunctional production system that favours the agro-ecological and socio-economic sustainability of these territories.

### Contribute to the mapping of Italian plant agro-biodiversity: report local varieties in your area

UNIMONT, a Centre of the University of Milan, is mapping and characterizing traditional Italian local varieties through a citizen science activity, i.e. involving citizens in the collection of scientific data in order to integrate the map of Italian plant agro-biodiversity. This initiative is supported by the NRRP Agritech project - National Center for Agricultural Technologies.

## STUDY IN UNIMONT

### UNIMONT at High School

UNIMONT is organizing presentation meetings aimed at the 4th and 5th grades of the Secondary School to tell a 360-degree story: from specific teaching, to research activities, to collaborative processes with stakeholders. On such occasions it will also be possible to simulate a short university lecture. For more information [visit the page on the website dedicated to the Bachelor's Degree Program](#).

### Book your visit to the UNIMONT Campus

Book your visit to the UNIMONT campus, [click here](#)

## CALLS, INTERSHIPS and JOB OPPORTUNITIES

### Internships

- [Forest ecosystem resilience and adaptation](#)
- [Sustainable Forest Systems](#)
- [Forest ecosystem modelling](#)
- [Forest ecosystem services](#)
- [Conservation of forest biodiversity](#)
- [Analysis of the behaviour of ciuta sheep](#)
- [Analysis of the behaviour of boars undergoing birth control treatment](#)

## NEXT EVENTS

### Master's Degree MOUNTAINSIDE organizes: THE NATIONAL VIAS VERDES PROGRAM IN SPAIN

The meeting is conducted as part of the Master's Degree Course in VALORIZATION AND SUSTAINABLE DEVELOPMENT OF MOUNTAIN AREAS – MOUNTAINSIDE, the event will be online in English. The Vias Verdes Program started in 1993 as an initiative to reuse and valorize disused railway heritage to develop reuse initiatives for active and sustainable mobility and leisure. It is promoted and disseminated nationally and internationally by the Spanish Railways Foundation but is based on collaboration with the provinces and municipalities, which are responsible for the maintenance, management and promotion of the individual routes. Greenways are an ideal tool to promote a new culture of outdoor leisure and active tourism in our society. They contribute to sustainable rural development, local job creation, entrepreneurship, and the fight against depopulation in the so-called "empty or emptied" Spain.
